“MITRA” stands for “Mission of Integrated Training on Rural and Agriculture Development.” MITRA Foundation has been tremendously struggling and contributing towards legal rights of the poor, children, women and underprivileged people and resolved the injustices with them democratically specially in self employment and agriculture allied activities.

MITRA Foundation is engaged since its inception in search of new strengths, ways, thoughts and powers that will destroy the traditional ways of earning livelihoods prevailing at all levels of the society. The organization was established in the year 2013 with the lead role and initiatives in mobilizing poor women in self help groups and enhancing their leadership qualities.

Vision: “Sectored focus of the MITRA Foundation is to create farm and off-farm based livelihood opportunities and to empower the poor, particularly poor women, in rural and urban areas to take greater control of their own lives and significantly improve their standard of living by increasing their opportunities for making productive economic investments.”

The long term vision of the institution is to strive for equal rights of the women, children, and weaker sections of the society through participating in the developmental processes so as to build up uniform structure of the society that will contribute productively towards the overall development of the country.

Mission: “To impart training and credit support to rural and urban vulnerable groups of women, marginalized farmers and disables about agriculture and manufacturing enterprise based activities so as to promote the general wellbeing of the poor people and transform them into self reliant, self managing and peaceful living communities.”

The goals of the organization are-

1. To mobilize resources in order to provide support to poor, particularly women, for viable productive and sustainable livelihood activities.
2. To improve the quality of life of the poor by providing access to financial institutions.
3. To create opportunities for self employment for the underprivileged.
4. To create literacy among people about Finance, Environment, Water, Health and sanitation.

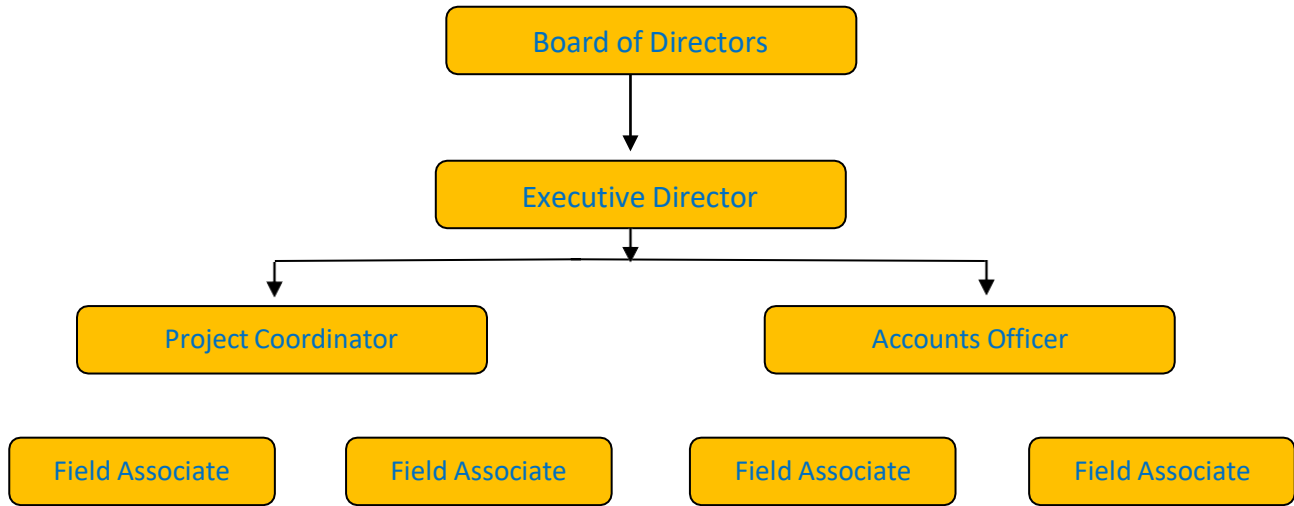

Values We Work For:

- **Quality:** We will strive to serve poor communities in the most efficient, effective and best possible way
- **Trustworthiness:** Trust is the cornerstone of our Institution and it will never be compromised.
- **Teamwork:** We believe our future is guaranteed through the maximum effort we give to our responsibilities as a team
- **Diversity and Neutrality:** We serve poor people on the basis of need and not on ethnicity, religion or political affiliation
- **Transparency:** We believe that we should maintain transparency in our services and performance as our responsibility within the institution and to our stakeholders.

20	Consumer Awareness Program	21/12/2019	40	Sapatane, Tal - Madha	Participants got awareness about protection & promotion of their rights as a consumer.
21	Snacks/Stationery distribution to Deaf and Dumb students	17/01/2020	35	Barshi	Students enjoyed the program and got refreshment from their routine schedule.
22	Book Distribution	25/01/2020 to 10/02/2020	-	Barshi, Madha & Karmala blocks	As a part of Social responsibility, we printed and distributed around 1000 copies of a book viz. 'Lohgarh'.
23	Internship Program for B.Sc. Agri. Students as a part of Rural Agricultural Work Experience (RAWE)	29/09/2020 to 05/10/2020	12	Barshi	Students got detailed information about organization's office and field workings, SHG & JLG concepts, book keeping, bank transactions, etc.
24	COVID-19 Awareness Program	31/09/2020	20	Barshi	Participants got thorough information about CORONA virus, its causes, symptoms and precautions.
25	Survey of JLG members in connection with effect of COVID-19 on their businesses	12/10/2020 to 17/10/2020	350	Vairag	Consolidation of the present situation of business activities of JLG members in post COVID era.

Report on

SAVE WATER CAMPAIGN

MITRA Foundation, Barshi

“Save Water Campaign”

By

NABARD, Solapur & MITRA Foundation, Barshi

On the occasion of World Water Day 22nd March'2017, NABARD (National Bank for Rural and Agriculture Development) has launched a nationwide water campaign. The campaign has been conducted during the period of May to July'2017. The campaign slogan is “Jal Jeevan Hai”. During this period, around one lakh villages across 200 districts of 21 states in vulnerable and water stressed areas are covered where ground water is over exploited.

The main objective of the campaign is to reach out to the rural communities to promote awareness about the need for conservation, preservation, and the efficient use of water resources. To that end, issues such as rainwater harvesting, groundwater recharge, and better agronomic and irrigation (more crop per drop) practices will be promoted. The major highlights of the campaign include community participation in adopting efficient irrigation methods, ground water recharge and appropriate cropping

pattern for enhancing agricultural productivity.

To conduct this campaign throughout the country, NABARD has selected 8000 Krishi Jaldoots (Water Ambassadors). The Krishi Jaldoots will be selected from local area and having a good grasp and knowledge of the problems of their respective areas. They will help to run the campaign in localized and more effective manner.

These Jaldoots will arrange awareness programs at village level in which they will aware the villagers including farmers' groups, women's self help groups, cooperative institutes and local governing bodies about various methods of rain water harvesting, efficient water use, ground water recharge and integrated farming systems.

NABARD with support from CEE (Center for Environmental Education) has also introduced Krishi Jaldoot App for android mobiles in which all the data collected from villages can be fed. The locally generated information will be uploaded on this mobile app.

Campaign in Barshi Block:

As a part of this campaign, NABARD Solapur and MITRA Foundation together conducted the water awareness programs in 120 villages of Barshi block. For this purpose, NABARD has selected 7 Krishi Jaldoots from MITRA Foundation, Barshi. These Jaldoots has undergone one day training arranged by NABARD Solapur on 13th May'2017.

After undergoing training workshop, Jaldoots started the campaign at village level. For convenience, we divided them into 3 groups consisting of two Jaldoots each. Remaining one Jaldoot is kept as optional. After that we allotted them villages as per their convenience.

Krishi Jaldoots used to visit the village on the previous day of actual program to meet the local governing bodies and discuss about village volunteers. In this meeting Jaldoot will meet Sarpanch and Grampanchayat body and inform them about next day's program and their expected cooperation. On the day of actual program, Jaldoots would conduct following activities-

1. Finalization of village volunteers:

In every village, we have selected 11 volunteers. These volunteers will help the Jaldoot team to conduct whole program in the village. In future they will act as a mediator between NABARD and different Government departments.

2. Transit walk in the village:

Early morning of the scheduled day Jaldoots will arrange rally (Transit walk) in which they would invite farmers, women, youth and students to join. The main objective of transit walk is to convey the main message of the campaign to all the villagers. For this purpose they would use various communication aids like slogans, posters, folk arts and cultural songs. Jaldoots will inform all the villagers about 'Krishi Jal Samvad' program during this transit walk.

3. Resource mapping

After transit walk, resource mapping exercise is conducted. This will help to identify key water structures in the villages, their existing status, renovation needs of existing infrastructure and innovative solutions to address the water issues of the village.

In this exercise village map will be drawn with Rangoli in the open place showing all the water resources available in the village. The villagers will help to spot the places where these resources are on the map. Water storage ponds, check dams, nallas, river, etc. objects will be shown. Whatever water structures are damaged and what are the projected resources are also specified on the map. After completion of drawing map on the floor, a pucca map is drawn on drawing sheet.

4. Meeting with Farmer's groups and Women's SHGs:

After resource mapping, discussion with Farmers' groups and women's SHGs will be conducted simultaneously at two different places. During this discussion, information about water resources available for agricultural purpose and problems faced by villagers about agriculture water is collected.

5. Krishi Jal Samvad:

This is the main program of the campaign in each village. It is an interactive forum for group discussion focusing on water-related issues and identifying local best practices and solutions to tackle them. The session will also educate the villagers about various government initiatives and schemes focusing on water and agriculture.

Government officials, NABARD representatives, progressive farmers will be invited for this

program as resource person. They will guide the villagers about cultural and modern irrigation methods, rainwater harvesting technology, government schemes, financial support, etc.

6. Oath taking

At the end of the Krishi Jal Samvad, a common oath taking and signature campaign will be conducted and program will be concluded.

There was an overwhelming response from all the villages for this campaign. All the above mentioned programs were conducted in every village. The campaign was running in the block from 15th May'2017 to 16th June'2017. After successful completion of all the programs in a village, we got an appreciation letter from the

Sarpanch of respective villages.

After completing the campaign, we collected all the primary data and village maps from Jaldoots and consolidated it. This primary data includes villagewise and datewise program conducted details, water structures availability in the villages, structures need to be renovated, volunteer details and action plan. We have also prepared villagewise action plan, proposed budget and expected help each from society, government, banks, NGOs and others.

Villagewise primary data collection and action plan is as below –

Villagewise Data Collection and Action Plan

S.N.	Village Name	Date of Program conducted	No. of check dams available	No. of check dam working	No. of new check dam required	No. of ponds available	No. of ponds need to desilt	No. of new ponds required	No. of Tasks	Estimated Amount

Oath Taking

A Joint Program on:
JLG promotion and Financing
for Economic Empowerment of Women

JLG SUCCESS STORIES

MITRA Foundation, C/O – “Padmakrushna Niwas”, Naikwadi Plot, Upalai Road, Barshi, Dist – Solapur. 413401

Acknowledgement

We would like to express our deepest appreciation to all those who provided us the possibility to complete this JLG success stories booklet. A special gratitude we give to our NABARD Solapur District Manager Mr. Pradip Zile whose contribution in stimulating suggestions and encouragement helped us to run the project in three blocks of Solapur district.

Furthermore we would also like to acknowledge with much appreciation the crucial role of the Regional Manager of Vidharbha Konkan Gramin Bank, Solapur region, Mr. S. G. Deshmukh and Mr. M. D. Chungi, whose continuous follow up for financing JLGs made us possible to cover larger number of women under this project.

We have to appreciate the guidance and follow up taken by Mr. Sawant S. T. (General Manager, VKGB) and Mr. V. Y. Patil (Chief Manager, VKGB) for overall coordinating the project

Last but not the least, many thanks go to the concerned Branch Managers Mr. Keskar S. M. VKGB Barshi, Mr. Lamkane A. G. VKGB Vairag and Mr. Nogja R. B. VKGB Upalai (Bk.) who have invested their maximum efforts in JLG financing.

We are thankful to many other people who are involved and have taken efforts for successful implementation of this project. However we hereby take a chance to express our whole hearted gratitude to Mr. Vaibhav Shinde, Accounts officer, VKGB Barshi for his everlasting and kind cooperation in dealing with JLG accounts opening. Without his help it wouldn't be possible to extend financial support to such a big number of JLGs in Barshi area, where we have promoted more JLGs as compared to other blocks.

THANK YOU!!

INTRODUCTION

JLG member Mrs. Renuka Kuppagiri, started Bangle store business with the financial support from VKGB, Barshi Branch

Rural women play a critical role in supporting their families with their small business activities. The income they generate is vital for improving the livelihoods and overall wellbeing of the family members.

Although the roles they play are so critical, rural women often face structural barriers such as expectations that they perform unpaid care work, and a lack of access to services that may limit their rights and opportunities to

participate in the agricultural and business sector, which in turn lowers the sector's efficiency.

To overcome these multiple challenges facing rural women and with a view to unlock their potential as farmers, entrepreneurs and agents of change, NABARD (National Bank for Rural and Agriculture Development), VKGB (Vidharbha Konkan Gramin Bank) and MITRA (Mission of Integrated Training on Rural and Agriculture Development) Foundation started

the Joint Liability Group (JLG) scheme in Solapur district.

The Joint Program builds on evidence that joint efforts are required to achieve gender equality and women's economic empowerment aiming to provide women support in a range of areas so as to achieve sustainable development.

Tripartite Agreement among NABARD, VKGB & NGO

The JLG program started in the district since Sept'2017. The overall objectives of the program are –

- To enhance credit flow to farmers and small businesses.
- To serve as a collateral substitute for loans.
- To built mutual trust and confidence between banks and the target group.
- To provide food security to vulnerable section by enhanced agriculture production, productivity and livelihood promotion through JLG mechanism.

The activities under this objective include: identifying target population, forming their JLG with homogeneity and training and capacity building of JLG members.

The second action area of this program aims to link the group to the bank for accessing financial services and thereby availing them financial support for creating or enhancing their income generating activities.

JLGs in Barshi

Despite the recent policy initiatives to address gender disparities, evidence suggests that rural and semi urban women still face individual, community and institutional barriers to fully exercise their rights. Rural women lack the access to key resources such as land, extension services, technology as well as business development services and financing. Keeping this in view, we started the JLG program in the block in Sept'2017. At first a tri-partite agreement has signed among the three development partners viz. NABARD, VKGB and MITRA Foundation.

Target population:

Initially we selected local area of Barshi city and Chikharde village of the block. In Barshi city, we promoted 126 JLGs with average member size of 5 whereas in

Chikharde village, we promoted 52 JLGs (Around 260 members).

Mr. Keskar S.M. (Branch Manager) visit to Business Entrepreneur Mrs. Surekha Vakde at her Stationery shop

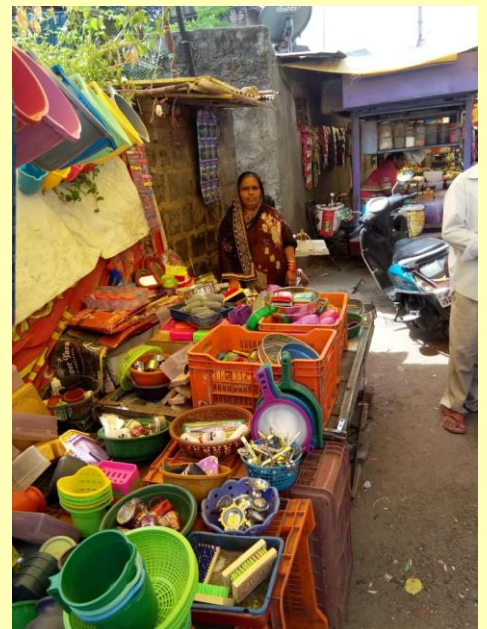

Activities:

Being semi urban area, in Barshi city we focused on small business activities carried out by individual women. These activities include garment shops, grocery shops, small restaurants, vendors, stationery shops, atta chakki, bangle store, dairy activity etc.

JLG monthly meeting

Collaborative initiative
from MITRA Foundation
uniting small business
women at weekly bazaar
into JLGs and thereby
enhancing their
livelyhoods –

Women empowered to become entrepreneurs...

Mrs. Daivashala Vitthal Vakde, a 35 years old lady lives in Chikharde village of Barshi block with her husband and three children. Her husband works in post office in the village. They own 2 acres agricultural land also. But due to marginal farm size and low rainfall, agricultural production was minimal. The main

source of livelihood for the family was only the income earned by her husband from post office.

Mrs. Daivashala also wanted to earn additionally for her family and help her husband. It occurred to Daivashala to start a saree centre at her house through JLG scheme. It was a turning point as Mrs. Daivashala describes –

"Previously I owned a sewing machine and a pico fall machine. I was engaged in cloth sewing and stitching pico-fall to sarees. When I received Rs. 50,000 as a loan from Vidharbha Konkan Gramin Bank, Barshi branch in July'2018, I started a full fledged cloth centre at my own house. Now I am satisfied that I could help my family with the income earned from this cloth shop."

Business Entrepreneur Mrs. Daivashala Vakde started Saree centre at Chikharde

Mrs. Daivashala added that yet many people from the village purchase sarees and dress materials from her shop for special occasions like weddings and funerals. Taking these sales into account, Daivashala earns

additional income of Rs. 4500 some of which she has saved and some she has used to purchase stock for her shop "Sonali Saree Centre". She is also able to pay back loan installment of her loan from 'Siddhi JLG'.

Diversified business activities for a better life...

Mrs. Dilshad Mukhtar Sayyad is living in Chikharde village with her three children. Her husband works in a small tea canteen. She works harder to support her family as the income from her husband is not enough to meet the daily needs. Moreover her children are now studying in school. The family has to bear their school fees and other educational expenses. The Elder daughter is now in 12th standard.

She was already having a chilly grinding machine and atta chakki as business activities. She wishes to give

her daughters high education. Yet she wanted to jump into new business activity. When she heard about NABARD's JLG scheme, she participated in it and joined 'Yedeshwari JLG'.

She got the loan of Rs. 50000 from JLG scheme. From this money she started the new business of bangles. She is now handling all the activities on her own and feeling confident to repay the loan from the income generated through the activities. She expresses her gratitude to the bank-

"I received loan of Rs. 50000 thanks to Vidharbha Konkan Gramin bank, Barshi and started bangle store activity in addition to atta chakki and grinding machine. It gave me confidence that I can manage all my income generating activities on my own and can make my children stand on their own feet."

JLGs in Vairag

Joint liability group formation and financing has helped in the development of dairy based livelihood among small and marginal farmers. The Branch Manager of Vidharbha Konkan Gramin Bank, Vairag branch visited Dahitane village. This village was amongst one of the poorest village of the districts; where more than

90% farmers were small and marginal farmers. Due to drought and remoteness of the market, they were dependent only on food crops cultivation. They were rearing local cow which was able to provide milk only for family consumption without any marketable surplus.

JLG members preparing for loan proposal for Dairy Business

These women farmers were briefed about JLG concepts. They formed groups with the help of MITRA Foundation staff. These farmers were provided Rs. 50000 as loan for purchase of Jersey cows under NABARD's JLG Scheme.

Sujata Lokhande, Priyanka Sathe, Balika kashid, Surekha Sathe and Sulochana Kashid started mini dairy at their own farm. Each cow started giving approx 15 to 18 liters milk. They collected this milk and sold the milk to Laxmi dairy at their milk collection booth in the same village. Each cow could

generate an income of Rs. 375-450 per day. After deduction of expenditure farmers were getting approx Rs.250 per day.

These farmers were getting regular payment by Laxmi dairy. JLG group members were repaying loan regularly to Vairag branch of Vidharbha Konkan Gramin Bank. They had opened saving bank account in Vairag branch. The bank had also appointed business facilitators in the Dahitane village who facilitate these group members in opening of account and its operation. Thus the linkage between farmers, MITRA Foundation, Laxmi Milk Dairy and Vidharbha Konkan Gramin Bank had helped in generation of livelihood of small and marginal

farmers and improvement in their standard of living. By seeing the impact many of the small and marginal farmers had started formation of JLG groups in Dahitane and nearby villages. It had helped in improvement of economy of the area.

All the activities were hassle free and stake holders were co-operating each other due to their mutual benefit. Thus microfinancing under JLG scheme had provided sustainable income to the farmers. This model was sustainable for bankers as the repayment was regular and without much monitoring by banks as farmer clubs did the Job of monitoring.

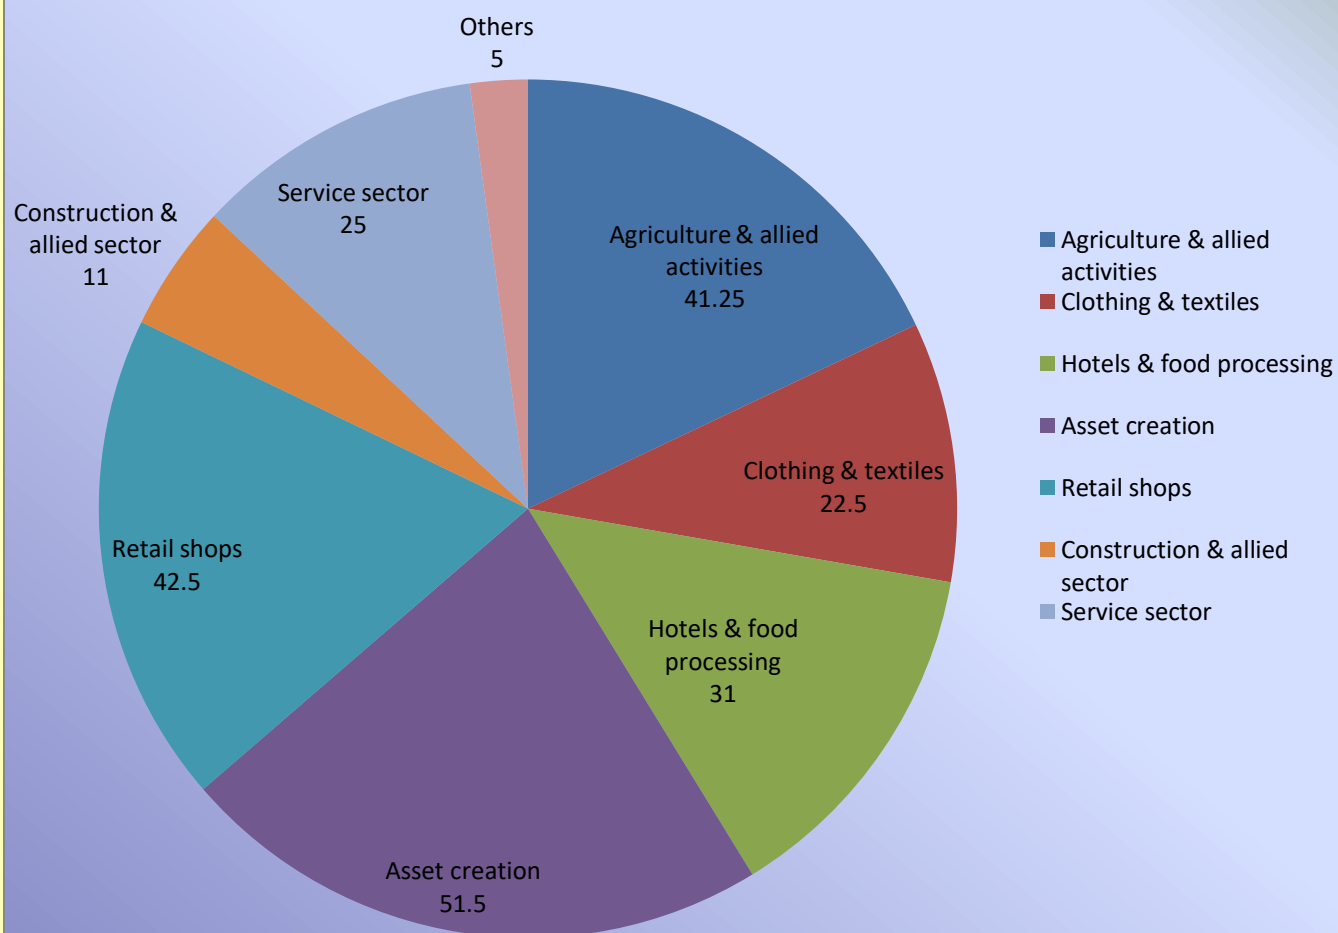

Suvarna Prabhar Raut (Vaishnavi JLG, Dahitane, Tal - Barshi) with her newly purchased cow from JLG loan

VKGB Vairag branch financed the JLG members of Dahitane village for Dairy activity

JLGs in Jeur & Karmala

We started JLG-Bank linkage program at VKGB, Jeur and Karmala branches of Karmala block in the later stage during Sept'2018. There we took help of one local organization named Nirdhar NGO. The organization is working with women's SHG in the block. We conducted the mass meeting of all the SHG members of Nirdhar NGO at Jeur on 23rd Aug'2018 with the support from NABARD DDM Mr. Pradip Zile. We seeded the concept of JLG scheme during the meet.

Then there we formed 20 JLGs comprising of 100 women members of different 6 nearby villages. We covered the villages viz. Jeur, Jeurwadi, Shetphal, Shelgaon, Zare and Chikhalthan.

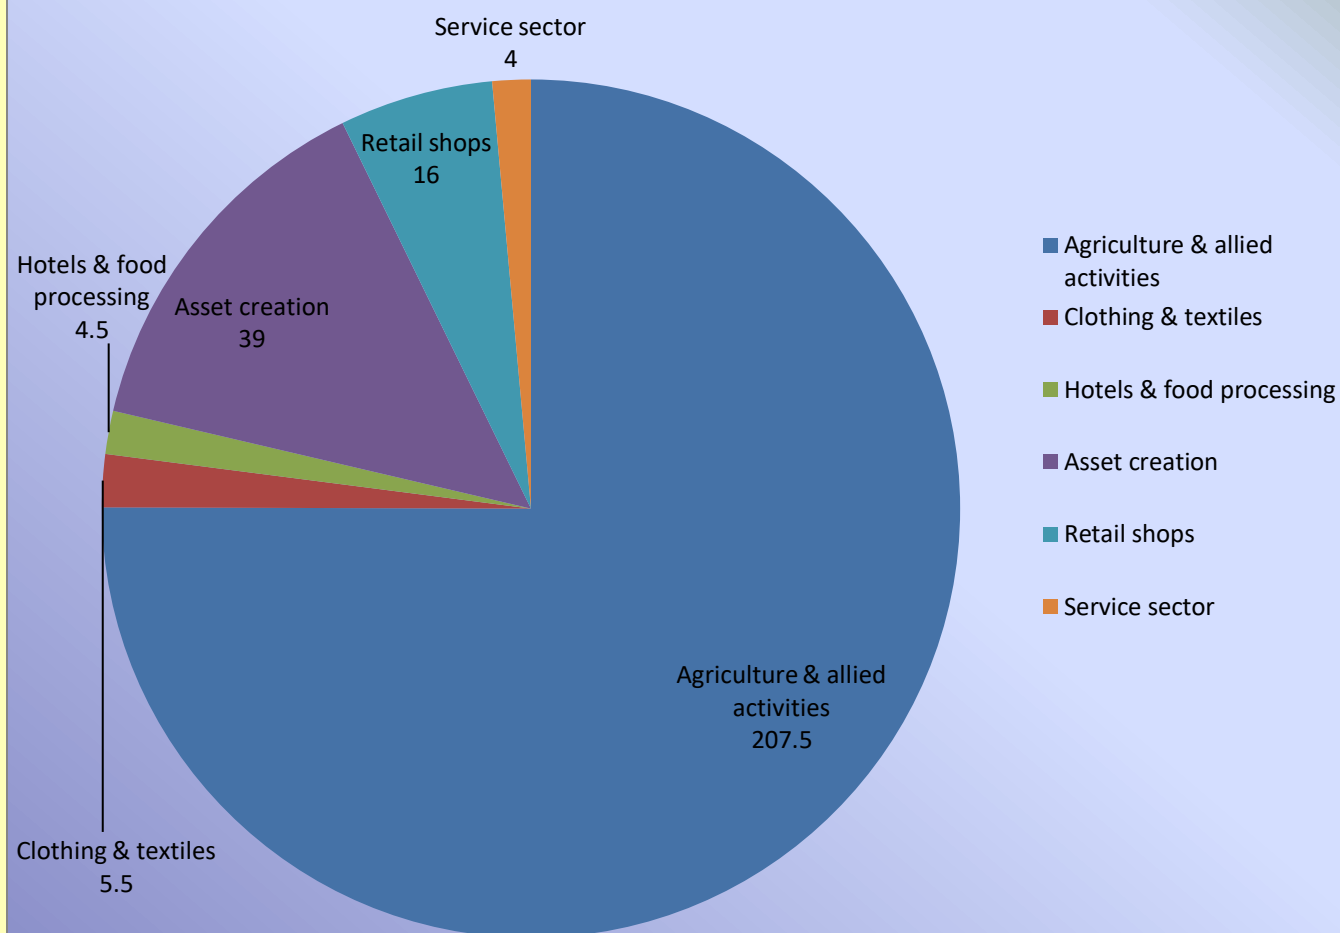

Up to March'2020, we have promoted and credit linked 50 JLGs at Jeur branch and 39 JLGs at Karmala branch of VKGB. Whereas total credit consumption at Jeur and Karmala branch is Rs. 102.77 lakhs and 113.10 lakhs resp.

Total Loan Amount – 2.77 Cr

JLGs in Upalai Bk.

As the JLG program take speed in implementation, we started our work in Upalai Bk. branch of Madha block. At first we selected Wadachi Wadi village. There we conducted mass meeting of women farmers. Initially we formed 5 JLGs comprising of 25 women. All the members were doing activity of dairy farming. We financed total amount of Rs. 12.50 lakhs to these 5 JLGs.

Gradually we increased the speed of JLG promotion & linkage during 2019-20 in Upalai Kh and Upalai Bk. villages.

Till March'2020, we promoted and credit linked 23 JLGs with 115 members at Upalai Bk branch. The most of the loan utilized for agriculture allied activities like cow and buffalo purchasing.

JLG training program at Wadachi Wadi, Tal - Madha

JLGs in Tembhurni & Bembale

In Tembhurni branch of VKGB, we promoted and credit linked 63 JLGs upto March'2020. We got overwhelming response from the villages nearby. In spite of starting the JLG program in the later phase at Tembhurni branch, we could overtake other branches due to active participation from the field

staff and branch officials. We have covered villages like, Tembhurni local, Chavhanwadi, Akole Kh, Akole Bk, Adhegaon, Shevre, Malegaon, etc.

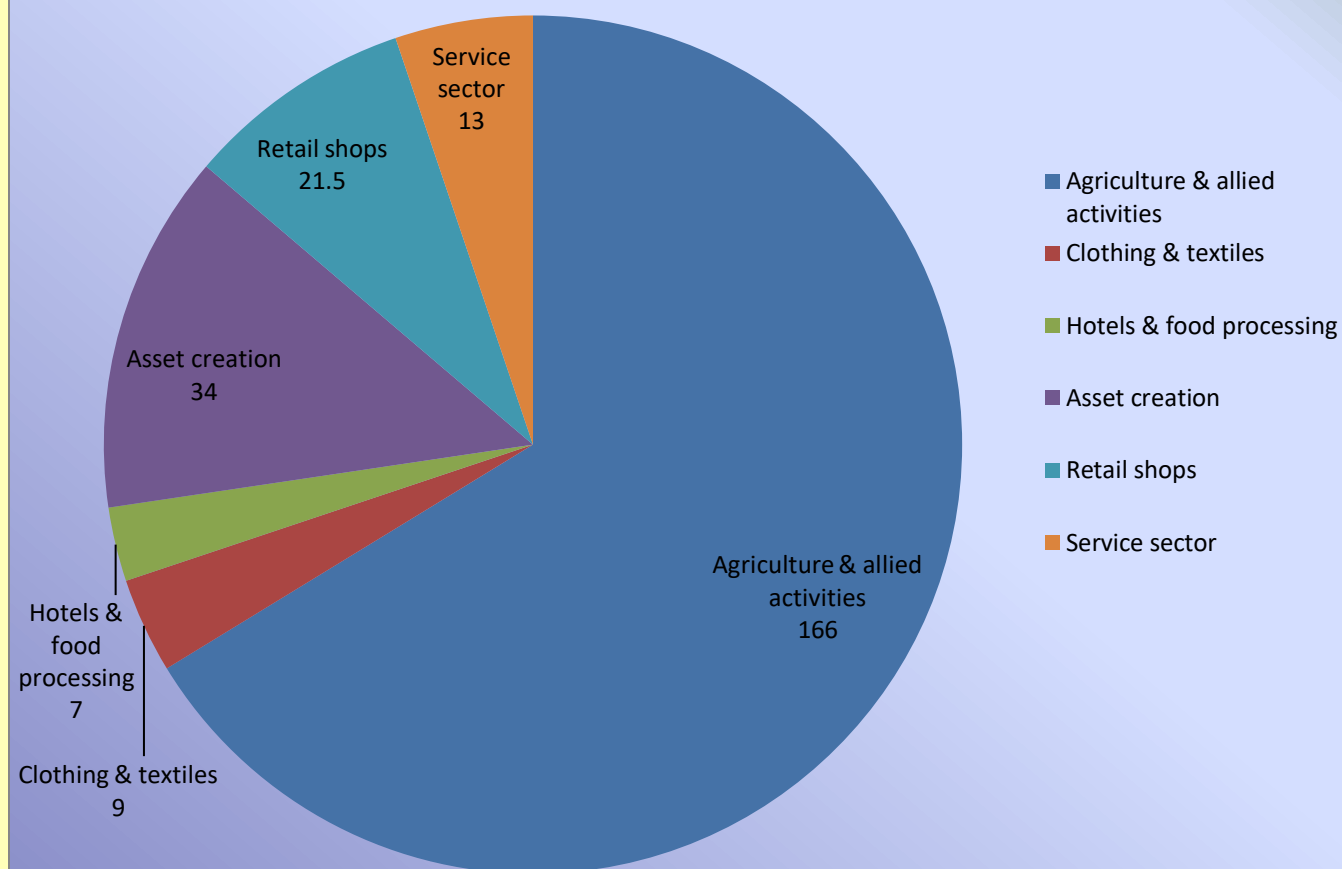

The total credit consumption at Tembhurni is Rs. 180.5 lakhs & in Bembale it is Rs. 70 lakhs.

Report on

Tree Plantation Program

By

MITRA Foundation

KRISHI SAPTAH

Celebrated by

MITRA Foundation

The day of 1st July is celebrated as the agriculture day (Krishi Din) in Maharashtra. The day is celebrated in the remembrance of the father of the green revolution of Maharashtra – Vasantrao Naik. Hence the day falls on his birthday.

We are facing many problems due to environmental degradation and weather changes resulting in climate change. Unaware and selfish developments of modern age has posed big threats to the life on the earth. Trees hold such an ecosystem that plays a vital role in environmental sustainable development. But unfortunately the area under forest cover decreased upto dangerous level.

As a part of agrarian country, Maharashtra is one of the chief producing states of India. However the farm and farmers of the state have been suffering since few years. This predominant occupation of Maharashtra has become the subject of crisis. Lack of rains and growing inflation has made farmers the victims. The Krishi Din, hence is one of the

platforms to find the solutions to these serious issues.

Keeping this in view, MITRA Foundation, Barshi decided to celebrate the week from 1st July'2017 to 7th July'2017 as "Krishi Saptah". During this period, we planned to conduct the activity of tree plantation in Bashi block and few blocks of Beed district. Solapur and Beed are drought prone districts with low rainfall. We set the target of planting 20000 trees in this area.

Planting trees is most essential to save our ecology. If a full grown tree covers 10 Sq.mt. area, the canopy from 20,000 saplings over Solapur and Beed districts will substantially increase green cover, making it the first step to address climate change.

All the preparatory activities regarding "Krishi Saptah" started from 25th June. At first we informed the schools and colleges, Anganwadis, temples, Health centres from different villages about "Krishi Saptah" program and tree plantation activity. We told them to dig

pits well in advance. Simultaneously we visited nurseries to check availability of plants.

While choosing saplings for plantation program, we selected native plants with diversified nature like trees, shrubs, climbers, grasses, etc. Indigenous species like Chinch, Gulmohar, Karanj, Neem, Peepal, Anjan, Beheda, Seetafal have been selected.

During this program, we encouraged people to adopt trees and take care of

them as their children. Students are provided with plants to plant them at their homes and take care of them. Cultivating this habit in children will make a big impact in future. We requested people to plant tree in special occasions like birthdays, wedding anniversaries, festivals, etc. People were advised to protect plants from free grazing, fire and water for first 2-3 years

We conducted the “Tree plantation program” in the villages mentioned below –

Sr. No.	Village/Block Name	Plantation Place	Total Saplings Distributed	Key Persons
1	Malegaon (Barshi)	Mitra Vidyalay	400	Sarpanch – Mr. Shrimant Gadasingh Headmaster – Mr. R. N. Gavhane

MITRA FOUNDATION

Integrated Watershed Management Program

Training Report

2015-16

INTEGRATED WATERSHED MANAGEMENT PROGRAM

Training Report

MITRA Foundation has conducted livelihood training programs under “Integrated Watershed Management Program” (IWMP) in Mohol and Malshiras blocks of Solapur district on behalf of Navjeevan Gramoday Pratisthan, Ahmednagar. The training programs were on goat farming, cow rearing, dairy business, buffalo rearing and poultry farming. The training period was Jan’2016 to Feb’2016.

The main objective of the program was to introduce IWMP activities to women’s SHGs, farmers’ club, and other villagers, to promote sustainable livelihood activities for rural people and to train the participants about grading, packaging and marketing of their product.

We have conducted four training batches in Mohol and nine batches in Malshiras block consisting of average 50 participants in every batch. Each program is of three days including exposure visit of participants. During these training programs we have arranged one session exclusively for experience sharing of a successful farmer or businessman. The last day was allotted for exposure visit to a nearby successful livelihood project.

Training Preparation:

At first we planned the dates of training program in consultation with Project Manager IWMP, District Training Coordinator- Solapur and Taluka Krishi Adhikari of Mohol and Malshiras. Then we selected master trainers from related fields so as the training program become fruitful and trainees will get detailed subject knowledge. For additional responsibilities, we have maintained sufficient staff from MITRA Foundation. We ensured minimum one officer from Agriculture Department to be present for training.

*Training preparation at Piliv with Mr. Mohite
(Panchayat Samitee, Malshiras)*

*Training preparation at Kusmod with SHG
members*

Before actual training, we visited each village for two days to convey the message to the participants. At first we met president, secretary and members of Watershed Development Committee of respective villages and discussed about the program. Simultaneously program place and time was fixed. On second day we ensured every villager should get information about program by loudspeaker announcement, sticking notice at Grampanchayat office, etc. To make the program more effective, we had arranged LCD projector in each village one day before actual program.

Training Program Schedule:

The first day of training program starts with introduction and registration of participants. After that we facilitated the whole three days program schedule and other arrangements for the trainees. Then there

Taluka Krishi Adhikari Mr. Somnath Sathe inaugurating training program at Mohol

was introduction of IWMP concept and its activities. It was followed by the main session of rural livelihood projects. In this session, master trainer gave the participants the detailed information about the meaning of livelihood and its relationship with natural resources available in the area. Trainer also explained the ideas about livelihood project selection in accordance with prevailing needs and available resources. Trainees were given general idea about present livelihood units in which they were guided about strengths, weaknesses, opportunities and threats of livelihood projects in rural areas. In this session master trainer

explained them about livelihood security and sustainability.

In the next session, we explained the trainees about new opportunities in self employment. In this session, we discussed about starting a project taking into consideration the demand and supply chain. The continuity of the production and value addition to the finished product is also emphasized during the session.

After lunch break, there was session for grading, packaging and marketing of finished product. In this session trainees were guided about fixing the price of the product, maintaining the stock record book and income-expenditure details.

Then there was session for experience sharing of successful farmers and small businessmen. The session was helpful for trainees to know

Master Trainer Mr. Ravikiran Katkar conducting session on Rural livelihood projects at Kusmod

minute things in livelihood project management. Trainees used to ask various questions to the expert to know the details about how he started, what difficulties did he face, how he overcome them, etc. The day ended with open conversation, evaluation and feedback. Second day was exclusively for imparting deep and technical knowledge of the related specific subject.

Training Program in Mohol:

The training program was conducted during the period from 26th Jan'2016 to 6th Feb'2016 in Mohol block. We have allotted 4 villages of Mohol block to conduct one training program for each village. Villagewise training programs conducted in Mohol block is as under –

Sr. No.	Village Name	Batch No.	Project No.	Date of training conducted	Name of Training program
1	Narkhed	1	IWMP - 29	26/01/2016 to 28/01/2016	Goat rearing
2	Degaon	1	IWMP - 29	29/01/2016 to 31/01/2016	Cow rearing
3	Valuj	1	IWMP - 29	01/02/2016 to 03/02/2016	Dairy business
4	Managoli	1	IWMP - 29	04/02/2016 to 06/02/2016	Buffalo rearing

To impart the training we have invited Subject Matter Specialist from KVK, Mohol Mr. T. R. Valkunde and Veterinary doctor from Barshi Mr. P. A. Masekar. MITRA Foundation team facilitated the whole training program.

Master trainer Mr. Valkunde, Subject Matter Specialist, KVK, Mohol conducted the session on milch animal management. In this session he explained techniques of goat, cow and buffalo management. He

Master trainer Mr. T. R. Valkunde from KVK conducting session on cow and goat farm management

also guided about various breeds of cow and buffalo and their breeding methods. He explained the indigenous breeds of cow like Gir, Gaulau, Sahiwal, etc and crossbreeds like Jersey and Holstein Friesian. For buffalo breeds he explained Pandharpuri and Nagpuri breeds. The developed breeds of buffalo like Murhha, Mehasana, Surti, jafarabadi were also discussed. He gave the detailed information about selection and judging the dairy animals. After that he added the information about shed construction and feeds and fodder management.

After lunch break, the next session was conducted by Master trainer Mr. P. A. Masekar, Veterinary doctor from Barshi. In his session, he gave information about how to identify healthy animal from its various body parts. He explained the management of pregnant animals and new born babies. He also explained about various animal health issues

During dairy business training, we guided trainees about importance and scope of dairy business, its management, various products from milk, milk processing and chilling centre. Trainees were guided about how to maintain good quality of milk in terms of fat and SNF. The session also focused on clean and hygienic milk production

Master trainer Dr. P. A. Masekar conducting session on animal health issues and remedial measures

Exposure Visit of Mohol Trainees:

For exposure visit of trainees we have finalized to visit livelihood businesses situated at Upalai thonge of Barshi block. During this program, trainees visited semi stall fed goat farm unit, poultry farm and cow rearing unit.

Exposure visit to Goat farm at Upalai Thonge (Barshi)

Mr. Janardhan Ghumare told the trainee about success story of the goat farm unit. He explained all the details to trainees from shed construction to agewise goat classification and their management. He advised participants to start the business from less number of goats so as to learn small things and have experience in handling the herd. He also guided the trainees in brief about proposal writing on goat farm in which he explained financial details of the project.

After lunch break, Mr. Kundalik Shinde guided the trainees about cow rearing and poultry farm. For cow rearing unit, he explained the total project cost including cow cost, fodder expenses, milk production, etc. All the trainees carefully observed the units and solved their problems from the trainer.

During poultry farm visit, he explained about various purpose breeds of poultry like only for egg purpose (White Leg Horn), meat purpose (Broiler), dual purpose (Rhode Ireland Red) and Desi improved breeds (Vanaraj, Giriraj, Kadaknath).

Trainer requested the participants to start at first back yard poultry so as to gain experience. Trainees were also guided about feeding of poultry birds according to their age. At early age, birds should be given pre-starter. At middle age they are provided with starter and at maturity age with finisher.

Exposure visit to Poultry farm at Upalai Thonge (Barshi)

IWMP Training Program in Malshiras:

The training program in Malshiras block was conducted during the period from 8th Feb'2016 to 24th Feb'2016. We have allotted 2 villages of Malshiras block to conduct five training programs in each village. Villagewise training programs conducted in the block is as under –

Sr. No.	Village Name	Batch No.	Project No.	Date of training conducted	Name of Training program
1	Kusmod	1	IWMP - 13	08/02/2016 to 10/02/2016	Goat rearing
2	Kusmod	2	IWMP - 13	08/02/2016 to 10/02/2016	Goat rearing
3	Piliv	1	IWMP - 13	11/02/2016 to 13/02/2016	Goat rearing
4	Piliv	2	IWMP - 13	11/02/2016 to 13/02/2016	Goat rearing
5	Kusmod	3	IWMP - 13	15/02/2016 to 17/02/2016	Cow rearing
6	Kusmod	4	IWMP - 13	15/02/2016 to 17/02/2016	Cow rearing
7	Piliv	3	IWMP - 13	18/02/2016 to 20/02/2016	Cow rearing
8	Piliv	4	IWMP - 13	18/02/2016 to 20/02/2016	Cow rearing
9	Piliv	5	IWMP - 13	22/02/2016 to 24/02/2016	Poultry farming

In Malshiras block for imparting training, we have invited Subject Matter Specialist from KVK, Mohol Mr. T. R. Valkunde, Veterinary doctor from Piliv Mr. S. S. Madne, Veterinary officer from Kusmod Ms. V.T. Bhale and Veterinary doctor from Barshi Mr. P. A. Masekar.

Master trainer Dr. Shailesh Madane guided the trainees about feed management of milch animals and new techniques of growing fodder. In his session he emphasized on production of high proteinacious

Master trainer Dr. S. S. Madane conducting session on animal feed management and new techniques of growing fodder

algae feed viz. Azolla. It grows faster and is easy to maintain. The cost of growing Azolla is also low. He advised the trainees to give this feed to animals according to their body condition 1 to 1.5 kg per day. He added that Azolla is beneficial for increasing fat percentage in milk.

He also focused on hydroponics technique of sprouting fodder. The importance of growing hydroponics was explained to the trainees. It requires very less area. It is having increased nutritional value with minerals and vitamins. Within 7 days after growing Azolla, it comes to a

cutting stage and can be used as feed for cows, goats and buffaloes.

In the afternoon session, Subject Matter Specialist from KVK Mohol, Dr. Tanaji Valkunde conducted lecture on housing system of cows and buffaloes. In this session he explained close housing system and loose housing system. He also explained the benefits and drawbacks of both the systems. In close housing system, the cost on labour is high as compared to loose housing system. Whereas, it is more difficult to maintain loose housing system than close housing.

After that he told the participants about silage making. It is a process of making good quality feed for animals. It is made from green fodder by burring it in a pit or air tight bags. The feed hence formed can be used in drought season when there is no green fodder available to animals. This feed retains its nutritional value as it is.

Master trainer Mr. T. R. Valkunde conducting session on animal feed management and new techniques of growing fodder

Exposure Visit of Malshiras Trainees:

For exposure visit of trainees we have finalized to visit goat farm “Ahilyadevi Sheli v Mendhi Vikas Mahamandal” situated at Mahud of Sangola block, Cow unit of Mr. Madane at Piliv and poultry farm of Mr. Tukaram Bhale at Kusamod.

Exposure visit of trainees to “Ahilyadevi Sheli v Mendhi Vikas Mahamandal, Mahud” Tal – Sangola

At Mahud goat farm trainer Mr. Karande Sir gave information to the trainees about the firm. The corporation established under Company Act (1956) on 08/08/1978. Initially it was working only for sheaves. Afterwards in 1984 it included goats also and the name was finalized as it is now.

The corporation works on breeding goats and sheaves. The goat breed of Osmanabadi and sheep breeds of Dekkani and Madgyal are bred here. The corporation also conducts trainings on goat and sheep management as well as health facilities and their management. He

explained how goats and sheaves are reared in the campus. He also gave information about green and dry fodder management for the animals. Trainees observed the whole campus and learned the techniques of goat and sheep farm management.

During exposure visit of poultry farm of Dr. Tukaram Bhale at Kusmod, Mrs. Bhale madam told the trainees about how they started the poultry unit. At first they used to do contract broiler farming in which they would get chicks and feeds from the contractor company. They have only to take care of the birds upto 45-50 days. After that the company would pick up the full grown birds at the price prevailing on that day. Afterwards they find very little profit margin in contract method of raising poultry. Then they started independent raising of chicks without giving contract. Meanwhile they have got enough experience of poultry farm. They found this method more profitable than contract farming.

Exposure visit of trainees to Poultry farm of Mr. Tukaram Bhale at Kusamod

Now they have four sheds consisting each of 3000 birds' capacity. They are selling every month one batch of poultry through local agent or send to Pune. Mrs. Bhale emphasized on taking utmost care of chicks when they are young upto a week, as during this period, there is maximum mortality of the chicks.

Details of Resource Persons and Master Trainers:

Sr. No.	Name of Resource Person/Trainer	Post Held	Organization	Mobile No.
1	Dr. Tanaji R. Valkunde	Subject Matter Specialist of Animal Science	Krishi Vigyan Kendra, Mohol	9423367739
2	Dr. Pandurang A. Masekar	Veterinary Doctor	Private, Chikharde, Tal - Barshi	9763636795
3	Dr. Shailesh S. Madane	Veterinary Doctor	Private, Piliv, Tal - Malshiras	9930528585

9	Mr. Sampat R. Rohokale	Master Trainer	Navjivan Gramoday Pratisthan, Ahmednagar	8308032386

MITRA SHG Program

Women are a vital part of the Indian Economy, both at the national and the household levels. According to the latest statistics, about 25% of the Indian population belongs to the rural poor, whereas women make up one-third of the Indian labour force. Women form the backbone of agricultural operations and majority of agricultural labourers are woman. Seventy to eighty percent of the field work is done by women. Most post-harvest and processing tasks are their sole responsibility. They are heavily involved in animal husbandry, particularly small livestock. Compared with their menfolk, Indian women contribute a much larger share of their earnings to basic family maintenance. However, social constraints and gender ideology have prevented them from having access to and making use of the available resources that may help them improve their living conditions. Women not only constitute a major portion of poor, but they are also under employed, discriminated, and disadvantaged both economically and socially.

Considering the gravity and intensity of the problem, MITRA Foundation came forward with the 'MITRA-SHG program' for the rural and semi-urban poor in Barshi block. The organization has undertaken various innovative programs and schemes to address the issues of poverty and unemployment prevailing in the society.

This section intends to shed some light on the resilient revolutionary movement run by MITRA Foundation called 'MITRA-SHG program' which is causing several drastic changes in the social and economic realms of the block.

Over the last 8 years, the MITRA SHG program which was started as a tool for saving and credit mobilization for poor women, has evolved into a social movement that has taken up the role of a livelihood promoter. This program has revolutionized the lives of women in the rural and sub-urban areas who have been oppressed within the limits of their home in the male-dominated and patriarchal society.

What is SHG:

The SHG is group of rural poor who have volunteered to organize themselves into a group for eradication of poverty of the members. They agree to save regularly and convert their savings into a common fund known as Group Corpus. The members of the group agree to use this common fund and such other funds that they may receive as a group through a common management.

The group should devise a code of conduct (Group management norms) to bind itself. This should be in the form of regular monthly meetings functioning in a democratic manner allowing free exchange of views, participation by the members in the decision making process. The group should be able to draw up an agenda for each meeting and take up discussions as per the agenda.

The members should build their corpus through regular savings. The group should be able to collect the minimum voluntary saving amount from all the members regularly in the group meetings.

Savings so collected will be the group corpus fund. The Group Corpus Fund should be used to advance loans to the members. The group should develop financial management norms covering the loan sanction procedure, repayment schedule and interest rates. The members in the group meetings should take all the loaning decisions through a participatory decision making process. The group should be able to prioritize the loan applications, fix repayment schedules, fix appropriate rate of interest for the loans advanced and closely monitor the repayment of the loan installments from the members.

The group should operate a group account preferably in their service area bank branch, so as to deposit the balance amounts left with the groups after disbursing loans to its members. The group should maintain simple basic records such as minute's book, attendance register, loan ledger, general ledger, cash book, Bank pass book and Individual pass books.

Objectives of SHG:

1. To inculcate the savings and banking habits
2. To avail loan for productive purposes.
3. To gain economic prosperity through loan/credit.
4. To gain wisdom in organizing and managing own finance and distributing the benefits among themselves.
5. To create group feeling among women.
6. To enhance the confidence and capabilities of women.
7. To develop collective decision making among women.
8. To facilitate the accumulation of their own capital resource base.
9. To motivate women taking up social responsibilities particularly related to women development.
10. To provide space and support to each other.

The SHGs broadly go through three stages of evolution such as:

- I. Group formation.
- II. Capital formation (through the revolving fund).
- iii. Skill development and taking up of economic activity for income generation.

The SHGs focus on women with the confidence that extending credit to women could create a change in a more rapid way. They are formed with the intention to given these women confidence and the skills to form,

manage and build a sustainable community to take care of their livelihoods and grow holistically.

Several studies on male and female borrowers depict that when women get extra money, they tend to utilize it for the betterment of their family and children whereas men spend it lavishly on themselves. Hence, offering loans to women and empowering them with adequate training would directly influence the welfare of both children and men in the society.

MITRA's Philosophy:

We believe that the poor are credit-worthy and trustworthy. Small loans could make a great deal of difference in the life of an underprivileged person. As per our philosophy, credit is a fundamental human right. Offering the poor a loan instead of charity or donation, eventually changed their way of life and sparked the sense of entrepreneurship hidden within them. Instead of offering the poor charity help to alleviate their hunger, we taught them how to make money. We offered the poor women a loan to create self-employment opportunities with a credit which helped them generate income for themselves so that they could take care of their right to food, right to shelter with their own hard work.

The traditional banking models are not much positive at this theory. Banks usually lend to men with their primary focus on urban areas or cities. Also financial Institutions demand collateral from the customers.

To bridge the poverty gap and maintain the status quo between the rich and the poor, we started the microfinance movement in Barshi block. We extended credits to women from the rural and remote areas through SHGs which are collateral free loans. When the banks thought the wealthy and rich people are better borrowers, we proved that the poor are not only reliable borrowers but also are eligible entrepreneurs.

Procedure followed:

Collect necessary information about the Village before visit and analyze its credit needs, the primary sources of income, the skill set of workers, a comprehensive review of available natural and social resources, etc. through PRA (Participatory Rural Appraisal)

Once the analysis is complete, the field associates (Volunteers selected by MITRA Foundation) meet the women in the village to explain them the purpose of their intervention and create awareness about the SHG concept. The field associates would then spread out the information and encourage the women in the village to form SHGs.

After assessing the scope for interest among the women making them agree to form SHGs, the field associate then help them organize the groups, decide upon a name, draft the rules and regulations for managing groups, help them select leaders and open a bank account for savings.

During the first few meetings, field associate would advise the elected leaders how to organize a meeting, setting an agenda for each meeting, help them

sketch out a plan as to what to be discussed, get them familiarized with the books that need to be maintained, how to go about initiating internal loans from the savings, etc.

Over the next few months, the associates would organize special training sessions for SHGs to develop the skill set of Group members enabling them to utilize the loans efficiently and help them identify income generating ideas.

Apart from emphasizing the importance of savings and internal lending, the Representatives also encourage the SHGs to take part in a common action program such as tree plantation, cleaning the streets, health camps, building a water source etc. The field associate plan with the villagers and help them organize it.

After the completion of a 6-month period, the field officers would bring in bankers or government officials to interact with the members of SHGs to analyze their credit-worthiness, test their consistency and performance before offering a loan for income generation purpose. This process is called Grading. Based on the grade they get, the loan application of the SHGs may be accepted or rejected.

Details of SHG linkage is given in the table below –

S. N.	Name of SHG	Address	No. of Mem bers	Formation Date	Date of Financial support Credit	Amountof Support

बाशी तालुका: नाबार्ड, मित्र फाउंडेशनचा उपक्रम

जल जागरूकता अभियानास प्रारंभ

लोकमत न्यूज नेटवर्क

बाशी : नाबार्डच्या आणि मित्र फाउंडेशनच्या वतीने 'पाणी हेच जीवन' हा संदेश घेऊन जल जागरूकता अभियान देशभरात सुरु करण्यात आले आहे. मे व जून २०१७ मध्ये देशातील ८ हजार जलदूत गावागावातून संपर्काद्वारे जलसंवर्धन, जलपुनर्भरण आणि जलव्यवस्थापनाची माहिती देत आहेत.

बाशी तालुक्यातील १२५ गावांच्या सर्वेक्षणाचे काम सुरु करण्यात आले असून, आतापर्यंत ३७ गावांची माहिती संकलित करण्यात आली असल्याचे मित्र फाउंडेशनचे

सदस्य गणेश कऱ्हाळे यांनी सांगितले. नाबार्डचे जिल्हा विकास अधिकारी प्रदीप झिले यांच्या मार्गदर्शनात तालुक्यातील मोहीम राबविण्यात येत असून ग्रामीण भागातील नागरिक उत्स्फूर्त प्रतिसाद देत आहेत. गावागावातील बैठकांद्वारे पाण्याची काटकसर, सांडपाण्याचा निचरा यावर मार्गदर्शन, उपलब्ध जलसाठा आणि आवश्यक उपाय-योजनांचे नकाशे तयार करण्यात येत आहेत. पांडुरंग मसेकर, अमोल उमाप, अनुसया उमाप, रविकिरण काटकर, जनार्दन घुमरे, किरण राठोड, गणेश कऱ्हाळे, कुंडलिक शिंदे हे सर्वेक्षणाचे काम करीत आहेत. यामुळे पाण्याचा प्रश्न मिटणार आहे.

तांदुळवाडी येथे आर्थिक साक्षरता मेळावा संपन्न

बाशी (प्रतिनिधी):- बाशी येथील मित्र फाउंडेशन या सामाजिक संस्थेकडून तसेच नाबाई व बँक ऑफ इंडियाच्या सहयोगाने बाशी तालुक्यात तांदुळवाडी येथे आर्थिक साक्षरता मेळावा संपन्न झाला. बाशी तालुक्यातील बचतगटाच्या महिला व शेतीकरी उपस्थित होते. कार्यक्रमाचे अध्यक्ष लोकरे तर प्रमुख पाहुणे प्रदीप झिले हे होते. प्रमुख उपस्थित जॉन सर, तांदुळवाडीचे सरपंच वैशाली गरड ह्या उपस्थित होत्या. तसेच आरसेटीचे अशोक कणगी, उमेश अभियानचे मिनाक्षी मडवळी, शुभांगी बोडवे, काझी सर, टी.आर.मस्के, तसेच मित्र फाउंडेशनचे अध्यक्ष रविकीर्ण काटकर, सचिव गणेश कन्हाळे उपाध्यक्ष जनार्दन घुमरे

आदि उपस्थित होते.

या कार्यक्रमाच्या आनुषंगाने मान्यवरांनी महिलांना जनार्दन योजना अटल पेन्शन योजना सुरक्षा विमा योजना, सुकन्या समृद्धी योजना मुद्रा योजना,

इत्यादी योजना बद्दल सखोल माहिती दिली. तसेच महिलांना आर्थिक साक्षरता व सामाजिक समावेश याबद्दल सांगितले. सर्व महिलांना त्यांचे वैयक्तीक बँक खाते, काढण्याचे आह्वान केले.

आर्थिक साक्षरता मेळाव्यास महिलांचा उत्स्फूर्त सहभाग

प्रतिनिधी । बाशी

तालुक्यातील तांदुळवाडी येथे बँक ऑफ इंडिया आणि मित्र फाउंडेशन या सामाजिक संस्थेच्या वतीने घेण्यात आलेल्या आर्थिक साक्षरता मेळाव्यास महिलांनी उत्स्फूर्त सहभाग नोंदवला. मंगळवारी तांदुळवाडी येथील जिल्हा परिषद शाळेच्या प्रांगणात हा कार्यक्रम पार पडला.

या वेळी नाबाईचे निवृत्त उप महाप्रबंधक ए. डी. लोकरे, प्रदीप झिले, अमोल सांगळे, टी. आर. मस्के, सरपंच रूपाली गरड, अशोक कणगी, उमेश अभियानच्या व्यवस्थापक शुभांगी बोडवे, रविकीर्ण काटकर, गणेश कन्हाळे, जे. व्ही. काझी, गॅब्रियल जॉन आदी उपस्थित होते.

याप्रसंगी मस्के म्हणाले, पैसा आणि

बँकेचे अतूट नाते आहे. खातेधारक असल्याशिवाय कोणत्याही योजनांत सहभागी होता येत नाही. बँकेमुळे ग्राहकांची पत निर्मिती आणि योग्य त्या प्रमाणात बचत होते. जनधन योजना, अटल पेन्शन योजना, सुरक्षा विमा योजना, सुकन्या समृद्धी योजना, मुद्रा इत्यादी योजनांचा लाभ घेण्यासाठी खाते आवश्यक आहे. विविध योजनांची रक्कम थेट लाभार्थीपर्यंत पोहोचण्यासाठीही बँकेच्या खात्यांचा उपयोग होतो. याकरिता बँकेत ग्राहकाच्या आधार कार्डची आणि मोबाइलची लिंक आवश्यक आहे. खातेधारकांसाठी अपघाती विमा मिळत असल्याने बँक आणि खातेधारकांचे नाते अतूट बनले आहे. कार्यक्रमासाठी जनार्दन घुमरे, कुंडलिक शिंदे, रवींद्र भोसले आदींनी परिश्रम घेतले.

अकरा हजार वृक्षांच्या लागवडीने कृषी सप्ताहाची यशस्वी सांगता

बारशी : तालुका प्रतिनिधी

सामाजिक जबाबदारी स्वीकारून ती प्रामाणिकपणे पेलण्याची मानसिकता असल्यास सर्व ते साध्य होते. सध्या अनेक सामाजिक क्षेत्रातील संघटनांनी आपल्या पद्धतीने समाजहित जोपासण्याचा प्रयत्न सुरू केल्याचे वेळोवेळी जाणवत आहे.

हरितक्रांतीचे प्रणेते वसंतराव नाईक यांच्या जयंतीनिमित्त मित्र फाऊंडेशनच्या (बारशी) वतीने साजऱ्या करण्यात आलेल्या कृषीसप्ताहात ११ हजार झाडे लावून कृषीसप्ताहाची यशस्वी सांगता करण्यात आली. महाराष्ट्र शासनाच्या चार कोटी वृक्षलागवड योजनेला मित्र फाऊंडेशनच्या वतीने हातभार लावण्यात आला. एक जुलैपासून राबवण्यात आलेल्या वृक्षारोपण मोहिमेत बारशी शहर व तालुक्यासह बीड जिल्ह्यातील धारूर, वडवणी, माजलगाव, गेवराई या तालुक्यातही वृक्षदिंडी काढून वृक्षारोपण करण्यात आले. वृक्षारोपण कार्यक्रमासाठी तालुक्यातील जिल्हा परिषद प्राथमिक शाळा, माध्यमिक प्रशाला, अंगणवाडी, प्राथमिक आरोग्य केंद्र, ग्रामीण रूग्णालय, मंदिर, मस्जिद यासह मोठ्या जागा शोधून वृक्षलागवड करण्यात आली.

एकट्या बारशी तालुक्यात पाच हजार वृक्षांची, तर धारूर, वडवणी, गेवराई, माजलगाव या तालुक्यात प्रत्येकी दीड हजार वृक्षांची लागवड मान्यवरांच्या उपस्थितीत करण्यात आली. आवळा, चिंच, शिसव, पळस, बेहडा, करंज, जांभूळ, पंपळ आदी वेगवेगळ्या प्रकारच्या वृक्षांची लागवड करण्यात आली आहे. लागवड करण्यात आलेल्या वृक्षांपैकी बहुतांश वृक्षांचे जतन केल्यास भविष्यात याचा मोठा लाभ निसर्ग संवर्धनासाठी व मानवाच्या हितासाठी होऊ शकतो.

तांदुळवाडी येथील जिल्हा परिषद प्राथमिक प्रशालेत बारशीचे गटशिक्षणाधिकारी विष्णू कांबळे यांच्या हस्ते, तर शालेय व्यवस्थापन समिती अध्यक्ष अर्जुन गरड, सरपंच विकास गरड, मुख्याध्यापक धनाजी खंडागळे, रामराव नागरगोडे आदी उपस्थित होते. बारशी तालुक्यात वृक्षारोपण कार्यक्रम यशस्वी करण्यासाठी संस्था अध्यक्ष रविकिरण काटकर, सचिव गणेश कऱ्हाळे, उपाध्यक्ष जनार्दन घुमरे, कुंडलिक शिंदे, किरण राठोड यांनी, तर गावपातळीवर वृक्षारोपण कार्यक्रम यशस्वी करण्यासाठी अमोल उमाप, पांडुरंग मसेकर, बालाजी मोरे यांनी परिश्रम घेतले.

११ हजार वृक्षांचा वाढदिवस साजरा बारशी शहर : मित्र फाऊंडेशनचा उपक्रम

लोकमत न्यूज नेटवर्क

बारशी : येथील मित्र फाऊंडेशनतर्फे मागील वर्षी विविध ठिकाणी ११ हजार रोपांची लागवड करण्यात आली. त्या वृक्षांचा अतोय पद्धतीने वाढदिवस साजरा करण्यात आला.

तांदुळवाडी-येथील प्राथमिक शाळेच्या प्रांगणातील वृक्षांची पुजा करून पुन्हा ११ हजार रोपांची लागवड करण्याचा निर्धार करण्यात आला. कृषी सप्ताहानिमित्त बारशी तालुक्याबरोबरच माजलगाव, वडवणी, गेवराई या ठिकाणी ११ हजार

वृक्ष लागवड करण्याचा शुभसंभ कर्मवीर भाऊराव पाटील प्रशालेत करण्यात आला. यावेळी संस्थाध्यक्ष गणेश कऱ्हाळे, जनार्दन घुमरे, पांडुरंग मसेकर, रविकिरण काटकर, कुंडलिक शिंदे, शीतल सुरवसे, जानराव, झेंडे आदी उपस्थित होते.

मित्र फाँडेशनच्या वतीने वृक्षारोपणाद्वारे कृषिसप्ताहास सुरुवात

बारशी : तालुका प्रतिनिधी

वसंतराव नाईक यांच्या जयंतीचे औचित्य साधून मित्र फाँडेशनच्या वतीने तालुक्यातील विविध गावातील प्राथमिक आरोग्य केंद्र, जिल्हा परिषद शाळांच्या अखारात वृक्षारोपणाद्वारे कृषिसप्ताहाची सुरुवात करण्यात आली. या उपक्रमांतर्गत १० हजार वृक्ष लागवडीचे ठरित असल्याचे अध्यक्ष रविकीरण काटकर यांनी सांगितले.

यावेळी कळंबवाडीचे सरपंच अॅड. विक्कस जाधव, मळेगावचे सरपंच श्रीमंत गडसिंग, आर.एन. गव्हाणे, कर्मल कुमारे, शीला काळे, गोमारेच्या मुख्यअध्यक्ष जंगले, अंकुश शिंगडे, अनिल लटके, कोमल धुगे, राजेंद्र

बारशी : वृक्षारोपण करताना मित्र फाँडेशनचे पदाधिकारी आणि विद्यार्थी.

अग्रवारे आदी उपस्थित होते.

याप्रसंगी गावागावातून वृक्षदिंदी काढून समाजप्रबोधन करण्यात आले. वृक्षारोपणाकरिता नियमित निगा राखण्याचे

अवधान त्यांनी ग्रामस्थांना केले.

कार्यक्रमासाठी रविकीरण काटकर, गणेश कऱ्हाळे, जनार्दन घुमरे, कुंडलिक शिंदे, किरण राठोड, पांडुरंग मसेकर,

अमोल उमाप, अनुसुया उमाप यांनी परिश्रम घेतले.
